WORK EXPERIENCE

Product Designer, Microsoft Research (Sponsored Capstone) *Apr 2026 – Present*
University of California, Santa Cruz Santa Clara, CA

- Designing patient-facing AI tools with Microsoft Health Futures Group, exploring how AI fits into doctor-patient relationships.
- Directing design strategy in a team of **5**, applying a systems-thinking lens to map care workflows and stakeholder dynamics from **13** semi-structured interviews, contextual inquiries, and a **~60** participant survey, synthesized through qualitative coding, thematic analysis, and data triangulation.
- Building Wizard-of-Oz prototypes and running unmoderated concept tests for a patient AI-disclosure tool.

UX Design Intern *Jun 2026 – Sep 2026*
ValueGlance LLC San Jose, CA

- Redesigned ValueGlance, a value-investing platform, by consolidating **3** competing styling systems into a shared library of design tokens and components. The system is now used by design and engineering across dashboards, website, and marketing.
- Accelerated the concept-to-production cycle through an AI-assisted design workflow using Claude Code in the React codebase, reducing handoff time and enabling faster iteration, testing, and release of product improvements.

Tutor & Reader *Jan 2026 – Jun 2026*
University of California, Santa Cruz Santa Cruz, CA

- Facilitated peer reviews and group tutoring for **12** game design students, helping them strengthen narratives through user-centered design (UCD) and player-focused thinking.
- Elevated student Figma projects through actionable feedback on iterative design, prototyping, usability, and user evaluation.

Founder & Product Designer *Sep 2021 – Jul 2025*
Studio Tidy Surat, India & Dresden, Germany

- Founded and grew an independent design studio serving B2B and B2C clients across healthcare, nonprofit, industrial, and professional services, building long-term client relationships across web, graphic and physical product design.
- Designed and launched responsive websites for **5+** clients owning the process from client briefing, UX writing, wireframing, UI design, development and maintenance across Figma, WordPress, Wix, and HTML/CSS.
- Developed upcycled physical products across **10+** categories and collaborated with **5+** independent brands, translating concepts into production-ready outcomes while managing sourcing, craftsmanship, and manufacturing.
- Sold Studio Tidy's products at local Dresden markets, refining designs and pricing through direct customer conversations.
